

## ROOSEVELT'S RECORD

### A Friend to the Working Man During His Entire Public Career.

Theodore Roosevelt from the day of his first entrance into public life over twenty years ago has been a consistent and unselfish friend of the man who toils. As a member of the New York Assembly, as Civil Service Commissioner, as Assistant Secretary of the Navy, as Governor of New York, as President of the United States, he has never failed to show a real loyalty to the interests of labor. In his first message to Congress as President he said:

"The most vital problem with which the country, and for that matter the whole civilized world, has to deal is the problem which has for one side the betterment of social conditions, moral and physical, in large cities, and for another side the effort to deal with that tangle of far-reaching questions which we group together when we speak of 'labor.'"

His entire record as legislator and executive is consistent with that utterance.

IN THE NEW YORK ASSEMBLY. As a member of the New York Assembly he voted for the following bills:

Abolishing tenement house cigar making in New York City.

Restricting child labor in factories and work shops.

Regulating the labor hours of minors and women in manufacturing establishments.

Safeguarding the lives and limbs of factory operatives.

Regulating wage rates of laborers employed by municipalities.

Making employees preferred creditors.

Providing for building mechanics' liens.

Prescribing the lien rights of working women.

Protecting mechanics and laborers engaged in sinking oil or gas wells.

Abolishing contract child labor in reformatory institutions.

Creating a commission to examine into the operation of the contract system of employing convicts.

Establishing the Bureau of Labor Statistics.

To promote industrial peace.

For a five-cent fare on the New York City elevated railroad.

Incorporating the New York City Free Circulating Library.

For free public baths in New York City.

As Governor of New York.

While Governor of New York he approved the following measures:

Creating a tenement house commission.

Regulating sweat shop labor.

Empowering the factory inspector to enforce the scaffolding law.

Directing the Factory Inspector to enforce the act regulating the hours on railroads. Making the eight-hour and prevailing-rate-of-wage laws effective.

Amending the factory act—

(1) Protecting employees at work on buildings.

(2) Regulating the working time of female employees.

(3) Providing that stairways shall be properly lighted.

(4) Prohibiting the operation of dangerous machinery by children.

(5) Prohibiting women and minors working on polishing or buffing wheels.

(6) Providing for seats for waitresses in hotels and restaurants.

Shortening the working hours of drug clerks.

Increasing the salaries of New York City school teachers.

Extending to other engineers the law licensing New York City engineers and making it a misdemeanor for violating the same.

Licensing stationary engineers in Buffalo.

Providing for the examination and registration of horseshoers in cities.

Registration of laborers for municipal employment.

Relating to air brakes on freight trains.

Providing means for the issuance of quarterly bulletins by the Bureau of Labor Statistics.

In addition to the foregoing, while Governor of New York, he recommended legislation (which the Legislature failed to pass) in regard to—

Employer's liability.

State control of employment offices.

State ownership of printing plants.

Devising means whereby free mechanics shall not be brought into competition with prison labor.

As President of United States.

As President of the United States he has signed the following bills.

Renewing the Chinese exclusion act and extending its provisions to the island territory of the United States.

Prohibiting the employment of Mongolian labor on irrigation works and providing that eight hours shall constitute a day's labor on such projects.

Abolishing slavery and involuntary servitude in the Philippine Islands, violation of the act being punishable by forfeiture of contracts and a fine of not less than \$10,000.

Protecting the lives of employees of coal mines in territories by regulating the amount of ventilation and providing that entries, etc., shall be kept well dampened with water to cause coal dust to settle.

Exempting from taxation in the District of Columbia to pay a license tax of \$10 a year.

Creating the Department of Commerce and Labor and making its head a cabinet officer.

Improving the act relating to safety appliances on railways.

Increasing the restrictions upon the immigration of cheap foreign labor and prohibiting the landing of alien anarchists.

## BETTER ROADS

### In Livingston County—Farmers Take Action—Vreeland Lost.

At a Farmers' Institute recently held at Duley Bluff church in Livingston county, by Commissioner of Agriculture Hubert Vreeland and O. M. Hanna, of Frankfort, committees were appointed to purchase graders and other machinery necessary to make better roads.

These committees will investigate the various means of making better roads and it is hoped that valuable results will accrue to the county as a result of these investigations.

It will be remembered by our readers that attention was called to the present bad condition of roads in that county, by our Birdsville correspondent a short time ago, which in turn was referred to by some of the Paducah papers.

After the meeting had been held Messrs. Vreeland and Hanna took a skiff at Smithland for Paducah and got caught in a fog and spent nearly all night on the river reaching Paducah at 3 a. m.
